Vice-Admiral V.P. dePoix  
Director, Defense Intelligence Agency  
The Pentagon  
Washington, D.C.

Dear Admiral dePoix:

Thank you very much for your letter of May 18, which provided the information on Soviet and Chinese aid to Indochina.

I am writing to you today to request information on military aid by the USSR and the Peoples Republic of China for the years 1968 through 1973 worldwide.

I hope that you could provide me with a breakdown on a country by country basis of the estimated Russian and Chinese military aid to individual countries each year.

Thank you very much for your assistance in this matter.

Sincerely,

*Les Aspin*
